

ASP®

AN ISO 9001:2015 CERTIFIED COMPANY

ENVIRONMENTAL POLICY

OBJECTIVE:

- ∞ To define path for protecting the environment.
- ∞ To include all aspects related to protect air, minimize noise, and do not pollute water.
- ∞ To design Policy guideline for taking care of compliances emerging time- to - time
- ∞ To prepare a state of art principle for healthier work culture.

POLICY:

To maintain the cleanliness & hygiene up to extreme possible level not only for the work premise, but also for the surrounding in proximity, whether it is Air, Sound or Water. Also, to contribute to the leather industry, by developing product, which offer a positive impact in improving the quality of the discharged effluent from specific unit.

SCOPE:

This Policy cover not only the work premise of ASP ASSOCIATES, but also cover ASP's contribution to the leather industry, where ASP is committed to support for improving at least the water discharge quality.

PRINCIPLES:

This policy is based on the following principles:

1. Consideration of Environmental factors for adhering to conservation and sustainability.
2. Minimize impact on environment by adopting best environment management practices and state-of-the-art technology.
3. Assigning the job in each area of operation to have an improved cumulative impact for environmental protection.
