

**ASP**®

AN ISO 9001:2015 CERTIFIED COMPANY

## HEALTH AND SAFETY POLICY

We are committed to follow the health related matters for shop floor workers, staff and we take utmost care so that our staff or work force may not suffer due to hazards or health issues.

We are offering PPE materials wherever it is mandatory to provide and keep healthy working environment for staffs for their healthy and quality working.

We are continuously monitoring Fire-fighting system working, its necessary installation, refilling and required guidance for usage.

We are also committed to provide as much as possible least contaminated air in our work place, for which suitable exhaust system is kept in place.

We are also providing quality water for drinking and using RO water for Liquid product formulations.
